SKILLS

Laravel (1Y) • Angular (1Y) • React • PHP (1Y) • JavaScript(1Y)
TypeScript • SQL • HTML • CSS • Bootstrap • AJAX • Git
Nmap • Metasploit • Burp Suite • SQLi • Penetration Testing
Soft Skills: Problem Solving & Collaboration • Time Management

EXPERIENCE

Sorvox Groups.....

Full Stack Developer

Feb 2024 - Present, Karachi, Pk

API Development for Applications

- Engineered a comprehensive strategy for creating and managing APIs for multiple websites, ensuring efficient and secure communication between frontend and backend systems.
- Designed and implemented scalable, secure, and modular APIs using Laravel, automating key functionalities and reducing development time.

Integration of APIs

- Integrated secure and efficient APIs with Angular and Laravel Blade-based frontend applications, ensuring seamless data flow and optimal performance.
- Designed modular services for API integration, simplifying frontend and backend communication and streamlining development workflows for both frameworks.

Apprise Systems.....

Penetration Tester

Aug - Dec 2023, Remote, Pk

Penetration Testing and Vulnerability Assessment

- Performed comprehensive penetration testing on web applications to identify security vulnerabilities, including SQL injection, XSS, and misconfigurations.
- Conducted vulnerability assessments using advanced tools to detect and prioritize risks, ensuring compliance with security standards.

PROJECTS

Streamrolla (Streaming and Ecommerce Website)

- Collaborated with the team to develop and integrate APIs for their streaming and eCommerce services using Laravel.
- Designed and implemented dashboards for admin and member management to enhance functionality and usability.
- Worked with the team to build a Single Page Application (SPA) for the platform using Angular and Laravel Blade, with efficient API integration for a smooth user experience.

EDUCATION

FAST - NUCES

Karachi, Pakistan

Master of Science - Cybersecurity (2k26*)

Sukkur IBA

Sukkur, Pakistan

Bachelor of Science - Computer Science

Percentage: 82%

(Class of 2k23)

COURSEWORK

- Enterprise Application Development
- Web Engineering
- Human Computer Interaction
- Applied Information Security
- Advanced Operating Systems
- Technical Report Writing

CERTIFICATIONS

- eLearn Junior Penetration Tester
- Practical Ethical Hacking

COMMUNITY WORK

- Vice President Cyber Security Club
